 Instructor planning calendar
Undergraduate Academic Calendar 2022

To all instructors: this is a quarterly planning calendar for the academic year 2022-2023
 It can be helpful to plan your classes and make-up classes due to holidays.

Notes (for a typical three-credit course):

1. First and second semester courses consist of 15 classes (45 classroom hours), plus midterm and final exams.
2. The midterm exam period follows the first 7 classes.
3. Eight class periods will remain, then the final exam period.
4. For the summer semester, the 15 classes are typically taught twice weekly.
5. There is no midterm exam for summer courses.

This calendar is subject to revision according to notifications by the President's office and adjustments in the official government holiday calendar
